(verse)

I was lost You found me
I was empty You filled me
I was broken You healed me, Lord

I've returned to seek You
I declare I need You
All my life depends on You, Lord

(pre-chorus)

In Your grace will I rely
As You show me life

(chorus)

All my life is an offering now
That You have me, now that You have me
I will lift my voice to sing now
That You have me, now that You have me

(bridge)

And Your face
I will seek, Lord, I will seek, Lord
Only You can satisfy
And I pray
Your will be done, Your will be done
Have Your way in my life
